

Creative art using newspaper!

Suryakant Pradhan from Jojobera used Waste newspapers to create home décor items and eco-friendly paper bags.

Good work!

Benefits:

Using newspaper for creating paper bags can help reduce large number of trees to be cut down which would have been used to create fresh papers.

Green hero:

Suryakant Pradhan

Small innovation makes big difference!

Mr. Bhushan D Patil from Safety & Environment, has shared his small Greenolution story with us.

"There used to be waste water flow for an hour from water filtration plant. I made few arrangement and started using this water to maintain garden. Now this arrangement helps survive 48 plants."

Good going!

Benefits:

Water conservation is essential if we want to save our environment, habitats and natural processes from further damage.

Best out of waste!

Anand Kumar Vishwakarma from civil maintenance department (MPL), used tested concrete cube blocks instead of paver block in paver soling. When cubes are used for the compressive strength test, they become waste and are thrown away. Team used such blocks for pavement soling which minimized waste and saved materials for new paver blocks and cost.

Good job!

Benefits:

- Reduction in waste
- Saving cost and new resources.

Green heroes:

Anand Kumar Vishwakarma, Faiz Alam, Ananta Chatterjee and Shubham Kataruka

Waste

Optimal Use (Not a waste)

Rescue of Black Kite!

Team of employees were working at 110KV Trombay-Chembur cable project for replacement of old oil filled cables. They found an injured juvenile Black Kite near site office at Chembur tapping area. Team immediately gave first aid and handed over the bird to Animal Care Hospital, Parel.

Kudos to green hero!

Benefits:

The presence of raptors in the wild serves as a barometer of ecological health. Birds of prey are predators at the top of the food chain; because threats like pesticides, habitat loss, and climate change have the most dramatic impact on top predators, we refer to them as indicator species.

Swapnil Patil, Kunal Mimrot, Pinkal Sukhadia, Arvind Pophale and Yadnesh Gawali

Rescuing House Sparrow!

Mr. Dharsingh Solanki from WREL - Gujarat, rescued an injured house sparrow near dining hall. He gave first-aid treatment to the bird. It was released in its habitat after the recovery.

Good work!

Benefits:

- House sparrow plays an important ecological role of seed dispersal and pest control.

Green hero:

Dharsingh Solanki
